HUB FOR
ADDITIVE MANUFACTURING

Formnext goes vertical

Formnext takes you to
the industry events of
future AM users

We want to acquire new customers for you

As the leading global trade fair for Additive Manufacturing, Formnext stands for progress and innovation. Now we are bringing AM into the spotlight at other trade fairs as well! With 'Formnext goes vertical', we are creating tailored event formats that connect you as an AM player directly with one of your relevant user industries. Whether aerospace, orthopedic technology, or automotive – together, we demonstrate live and on site how Additive Manufacturing delivers real added value.

We accompany you in unlocking new potential for your company

- Meet buyers, developers, and industry leaders in a highly targeted environment
- AM solutions in the spotlight: a joint presentation of the industry under the Formnext brand
- Targeted networking with key players in each respective sector
- Exclusive participation opportunities through our perfectly tailored package options
